Child Safety Code of Conduct

A Child Safety Code of Conduct lists behaviours that are unacceptable. It provides a high-level statement of professional boundaries, ethical behaviour and acceptable and unacceptable relationships.

When individuals are clear about behavioral expectations, they are much more likely to act appropriately with each other, and with children and young people.

When everyone is educated about the Code of Conduct and the reasons it is so important to uphold, the College environment becomes much more transparent and people are accountable for their behavior. Above all, a Child Safety Code of Conduct helps to protect children and young people from harm.

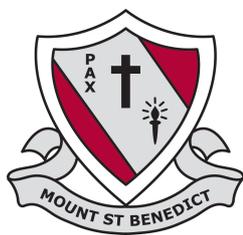

This Code applies to:

- All Staff members, including non-teaching staff and temporary or casual staff.
- Students.
- Third Party Contractors and External Education Providers.
- Volunteers.
- Parents and carers.
- Directors of the Board of Directors.
- Teaching students on placement at the College.
- Visitors.
